

EBEY ISLAND ADVISORY COMMITTEE MEETING

Tuesday, November 16, 2010, 2:00–4:30 PM

Meet at the WDFW Mill Creek office:
16018 Mill Creek Blvd; Mill Creek, WA, 98012-1296

AGENDA

2:00 INTRODUCTION -- Richard Tveten and Dan Evans

Welcome and roll call
Review today's agenda

2:05 PROJECT OVERVIEW AND UPDATE – Richard Tveten and Cleve Steward

Project mission, goals and objectives
Recap of last Advisory Committee meeting
Approach, process and schedule

2:15 ANALYSIS OF RESTORATION ALTERNATIVES – Ryan Bartelheimer and Matt Brennan

Review Near- and Long-Term Restoration Alternatives
Hydrodynamic modeling results
Engineering constraints and opportunities
Q&A and Discussion: Implications for agriculture, recreation, and fish and wildlife

3:15 BREAKOUT GROUP DISCUSSIONS – led by Dan Evans, Cleve Steward, and Cliff Strong

Divide into three breakout groups, with agriculture, recreation, and fish and wildlife interests equally represented in each group.

Discuss near- and long-term alternatives, guided by questions:

- What does the modeling and analysis tell us about the feasibility of the Near- and Long-Term Restoration Alternatives?
- Looking at the fish restoration opportunity in combination with other values – farming, recreation, wildlife – how can the Alternatives be optimized?
- What are the critical next steps in developing a path forward for Ebey Island?

4:00 REPORT TO FULL GROUP & DISCUSS – Dan Evans, Cleve Steward, and Cliff Strong

Breakout group facilitators summarize session findings
Full group discussion of the breakout group comments
Capture key points of agreement and disagreement

4:20 CONCLUSIONS & NEXT STEPS – Dan Evans and Cleve Steward

Conclusions
Remaining steps in Ebey Island feasibility evaluation

4:30 ADJOURN
